PROFESSIONAL SUMMARY

B.Tech Computer Science Engineering student with hands-on experience in Artificial Intelligence, Machine Learning, and Full-Stack Web Development. Skilled in building responsive web applications, developing machine learning models, and solving real-world problems using Python and modern web technologies. Passionate about AI, software engineering, and continuous learning. Seeking internship opportunities in AI Engineering, Machine Learning, or Full-Stack Development.

B.Tech in Computer Science Engineering (AI & ML Focus)

2024 - 2028 (Expected)

Siksha 'O' Anusandhan University (ITER-SOA), Bhubaneswar

Relevant Coursework: Data Structures & Algorithms, Database Management, Computer Vision, OOP

INTERNSHIPS & PROFESSIONAL EXPERIENCE

AI/ML Intern - CTTC

Date - Date

- Worked on Artificial Intelligence and Machine Learning models.

Web Development Intern - Thiranex

Date - Date

- Developed and maintained web applications and responsive user interfaces.

ACADEMIC & PERSONAL PROJECTS

AI-Powered Football VAR System (Computer Vision)

- Utilized YOLOv8 and OpenCV to identify players and the ball to calculate offside boundaries dynamically.

IPL Match Prediction System (Machine Learning)

- Trained Scikit-Learn models on historical cricket stats to forecast match outcome probabilities with high accuracy.

TECHNICAL SKILLS
